

NGUYEN THE HUNG | Research Coordinator

SBTV Construction & Advanced Technology | Email: hungnt@udn.vn

Experience

- 1997 until now **Professor** | Da Nang University Of Technology
- 1995 - 1996 **Postdoctoral Fellowship** | University of Technology senior EST, Canada
- 1992 - 1995 **Senior Lecturer** | Da Nang University Of Technology
- 1985 - 1989 **Ph.D Candidate** | Water Resources University of Hanoi
- 1981 - 1984 **Engineer** | Royal Irrigation Mo Duc district, Quang Ngai

Projects

- General mathematical model of saltwater intrusion in coastal areas groundwater;
- Handling erosion of foundations pole-35KV 37DZ Ai Nghia - Que Trung;
- The runoff system An-Trach dams;
- Water supply-Cao Phong Phu Yen;
- The transmission of tidal and saltwater intrusion on the Huong River;
- Determine the size axis targets Thoa river in agricultural production | National Project;
- Survey mode - Thu Bon river flood | National Project;
- Application of difference methods and finite element solution hydrodynamic model of the width of two | National Project.

Education

- Ph.D (1989) | Water Resources University of Hanoi;
- Associate Professor (1996);
- Professor (2005).
